NEEDED DOCTOR WHEN SHE QUIT

North Christian Lothario Gets into Very Serious Trouble

QUITE A BIG SENSATION

What Happened to a Man Who Violated the Sixth Commandment.

North Christian has for several weeks been revelling in a social sensation of the first water. A well known and prominent citizen rode by a country store and calling out another well-known citizen made to him a proposition involving the virtue of his wife. The man then rode away, after his proposition had been indignantly rejected. He returned the same way later in the day and found the injured husband and two friends waiting for him with shot-guns. They made him dismount and the wife appeared from around a convenient corner armed with a hickory withie and proceeded to lay blow after blow until her strength was exhausted. When she finally ceased, the gay Lothario was in a very much battered condition. As soon as he was able to make the trip, he came to town and consulted a lawyer in regard to a damage suit. The lawyer, who has the reputation of being able to diagnose a case at a glance, said to him: "You do not need a lawyer. What you need is a doctor."

APRIL BRIDES.

In the Spring Fancy Turns to Thoughts of Love.

Cupid's conquests are Being Ratified at Hymen's Altar

Mr. James A. McKenzie of Oak Grove, and Miss Mary Willis, daughter of Mr. and Mrs. Geo. G. Willis, of Bowling Green, were married yesterday afternoon at 5 o'clock. It was a brilliant affair; solemnized at the Methodist Church in Bowling Green. The bride and groom arrived last night at their future home, at the McKenzie homestead in this country where the distinguished father and grand father, of the talent group lived and died.

Mr. McKenzie is the only son of "Quinine Jim" McKenzie, Congressman, Minister and orator. He has recently been practicing law at Seattle, Wash., but has returned to his ancestral home since his father's death. His bride is a most charming Bowling Green belle and beauty.

Holcomb-Jones.

Walter Holcomb, of Nashville, a former associate of Rev. Sam P. Jones, and Miss Julia Baxter Jones, daughter of the famous evangelist, were married last night at the home of the bride's mother, in Cartersville, Ga. The bride is the youngest daughter of the family. Mr. Holcomb is well known in the southern evangelical field, where he has been very successful. They will reside in Nashville.

Lander-Adock.

Mr. and Mrs. S. B. Adcock, of Campbellburg, Ky., have issued invitations to the marriage of their daughter, Miss Maud, to Mr. Hugh J. Lander, of this county, the wedding to take place Tuesday, April 23, at the home of the bride.

Mr. Lander is a son of Mr. J. W. Lander, of Church Hill. He was formerly engaged in the mercantile business at Campbellburg, but will open a store at Newstead next month.

LIVELY VOTING

And Many Reserve Coupons Being Issued.

The Jamestown contest is growing warmer with each day. There has been considerable voting during the past two days and many coupons have also been issued to parties who will hold them in reserve until the home stretch. The contest is now creating a lively interest all over the country and coupons and subscriptions are being received from nearly every state in the union.

MISS MARION BURRIS.

The above is a good picture of Miss Marion Burris, one of the three contestants in District No. 1. Miss Burris resides a few miles east of the city, and is at present engaged in teaching music. Although her name was not entered in the contest until about 2 months after the race opened, she is now within a few hundred votes of the highest in her district.

STANDING APRIL 17.

The standing of contestants on yesterday at noon was as follows:

TEARING DOWN

Preparatory to Erecting Fine Building.

J. H. Anderson & Co. and J. F. Garnett commenced tearing down the two store rooms on Main Street, lately occupied by Miss Sallie Hooper & Co. and Mrs. Keegan as millinery stores. The work will be pushed as rapidly as possible, says Messrs. Anderson & Co. and Mr. Garnett want to commence the erection of their buildings in time to have them completed by fall. Architects are working on the plans and both buildings will go up together.

FISCAL COURT VOTES BIG BOND ISSUE FOR PIKES.

Will Expend \$100,000 for Improvements of the County Roads.

THE LaFAYETTE PEOPLE ARE PLEASED.

The Action of the Court Was Unanimous After a Full Discussion By the Citizens.

The Fiscal Court of Christian county has risen to the emergency of the hour and authorized a bond issue of \$100,000, as same may be needed, to improve the public roads of Christian county, under the law of 1901, approved by a vote of the people. This great public work will be accomplished without increase of taxation. The bonds will draw a low rate of interest and the interest can be paid out of the sum saved in repairs that have to be made every year.

In 1901 the various turnpikes of the county, having a mileage of 75 or 80 miles, were bought by the county and all made free. Since that time thirty miles of new road have been built.

It is now proposed to build about 60 miles more, which will give the county about 170 miles of free turnpikes. The new roads will be constructed first on roads where the people are willing to bear a portion of the expense. LaFayette has come forward with the first big offer of \$9,000 for 15 miles of pipe from Bevelry to LaFayette. Of this amount LaFayette's wide awake citizens donated \$6,000 and Hopkinsville business men gave \$3,000, although the pike begins six miles from Hopkinsville.

DEAD AT 58.

Mrs. Robt. Miller a Victim of Consumption.

Mrs. Robt. Miller passed away last Sunday, leaving her husband and five children to mourn her departure. She was in her fifty-eighth year and during the greater part of her life was a member of the Methodist church. That baffle of medical skill, consumption, had been undermining her constitution for nearly ten years. Dr. A. Lyon conducted funeral services at Hill's Chapel Monday evening and the remains were laid to rest in Riverside cemetery.

Farm For Sale.

166 acres of well watered and timbered land, 2 miles from the business center of Hopkinsville, ideal location for truck farming, dairy, poultry or small fruits, good limestone land, on the best pike leading out of the city south. Land will produce anything grown in this climate. If you are interested, call on Miller Clark, Agent.

Farmers and Breeders Take Notice!

There will be an Auction Sale of pure bred Poland-China Sows at Murphy's stable, 16th and Main streets, Louisville, Ky., Saturday, April 27, beginning at 12:30 p. m.

These are a fine lot of sows, bred for early litters to a champion boar, and from the great Glen-Meadows herd, Shepherdsville, Ky. There will be money in attending this sale. Free entertainment at Fifth Avenue Hotel. Write now for catalogue, to either of the undersigned:

Glen-Meadows Stock Farm,
Shepherdsville, Ky.
Farmers Home Journal,
Louisville, Ky.
Auctioneers—Col. Tom Vinnedge,
Hope, Ind., Col. H. L. Iglesias,
Morganfield, Ky.

There will be similar offers from other neighborhoods, the court expecting the people to donate as much as one-third of the cost of the roads.

The court went at the question in an intelligent and careful manner. The meeting was an adjourned session for hearing from the people themselves and many of the leading citizens and heaviest tax-payers of the county were present and all advised the issuance of the bonds while the county is in a position to construct permanent roads at two-thirds of their cost. Among the speakers before the court were Dr. J. D. Clary, Messrs. E. D. Jones, R. J. Carothers, R. S. Woottton, J. W. Hammack, Jno. W. Ford, Carrier Allen, W. R. Howell and various others, all of whom strongly urged action. Among the Hopkinsville citizens who spoke were M. C. Forbes, W. A. Wilgus, Chas. M. Meacham and others.

County Attorney Jno. C. Duffy then appeared and strongly advised the issue of bonds for 30 years at 5 per cent, redeemable at the option of the county.

Mr. Duffy has from the start been a strong advocate of the bond issue and he is very much gratified over the success of his plan.

BOB MONTGOMERY,

The Electrician Buys the Theatorium Show.

Mrs. George E. Shelton has sold the Theatorium picture show on South Main street to Robert Montgomery, of the City Light Co., who has taken charge of it. The Thaw trial Friday and Saturday was a great advertisement for the show. There were 3,542 tickets sold in addition to probably 1,000 or more that had been previously given out and not used. Mr. Shelton says he estimates that 5,000 people saw the pictures.

POLICE

Have Made Fine Start for a Record Breaker.

April thus far has been an unusually busy month with the police force. If "business" keeps up in proportion during the entire month a record may be made and there will be large contributions to the city treasury in the May fines. The slate yesterday morning showed

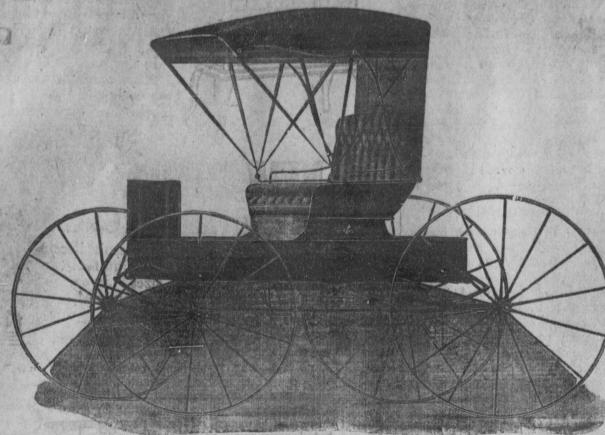

that, in addition to arrests for serious offenses, that one George Waller was to be tried for gambling, and a trio, composed of Wm. Broadus, Larkin Suttin and Jesse Brane had to appear before the city court on the charge of breach of the peace. The four above named violators are negroes.

Everybody is invited to attend
the Christian Endeavor rally at the
Christian church next Saturday
morning. The local Endeavorers are
arranging, and other young people
and their parents are lending their aid
to make the meeting a notable one
in the history of the local union.
The audience room will be beauti-
fully decorated with bunting, endea-
vor banners in purple, palms and
other potted plants and floral de-
signs. The musical program will be
fine. It will consist of vocal solos,
violin solos with flute obligato, and
the choirs of the Methodist and First
Presbyterian churches, and others
will also lend their assistance in
making the musical feature of the
evening well worth going to hear.

Mr. Homer Carpenter, Field
Secretary of the State C. E. Union, will
be the speaker of the evening. From
what we have heard of him he is
quite an entertaining speaker and
all who have an interest in the de-
velopment of young people for
Christian work should not fail to
hear him. Sunday morning, accom-
panied by some of our people, he
will go to Eddyville and hold a
meeting in the chapel of the State
prison for the men behind the bars.

Miss Lucy Starling is superinten-
dent of prison work in Kentucky and
will attend the State meeting at
Paris next month. She is doing
grand work, and in order to be able
to make her report at Paris as good,
and even better than has been made
for years, has induced Mr. Carpenter
to visit the local societies and
arouse enthusiasm in the cause be-
fore the Paris meeting. Let everybody
interested in the betterment of unfor-
tunate humanity turn out next
Saturday night and encourage
those who are laboring so earnestly
for a good cause.

Accidents will happen, but the best
regulated families keep Dr. Thomas' Electric Oil for such emer-
gencies. It subdues the pain and
heals the hurts.

**"The Old World and its
Ways."**

Col. William Jennings Bryan an-
nounces a new book of travel entitled,
"The Old World and Its Ways,"
which recounts his recent tour
around the world and his journeys
through Europe. It is profusely and
elegantly illustrated with 240 artistic
engravings representing men and
things seen in the various countries
of the earth during that noted
journey. The engravings are made
from photographs taken by him or
his party specially for this publication.
It is the monumental literary
work of his life, and it is published
under his special personal super-
vision. He has by special contract
with his publishers, made the retail
prices low down with the view to
putting it within the easy reach of
every reader of books and every
man or woman who thinks.

The book gives his experiences—
what he saw and did—where he met
and his impressions and conclusions.
He made a profound study of men and things as he saw
them in his noted journey around
the world. He gives governmental,
educational, religious and other con-
ditions, from the standpoint of a
student and one profoundly interested
in the people of the earth, where-
ever distributed.

While Col. Bryan traveled as a
private citizen he went with the
prestige of having made two mem-
orable contests for the Presidency of
the United States, and he was every-
where recognized and entertained as
a great representative American,
having a leading part in the direction
of American affairs. He was given
opportunity for observation and for
ascertaining facts and conditions
never before accorded to any one
traveling in private capacity.

If one wants to see the world, and
the people who are at the head of
affairs in all countries, as well as the
masses, he has in his book an oppor-
tunity of seeing them through the
eyes of Col. William Jennings Bryan.
It is sold by subscription, and the
Thompson Publishing Company of St.
Louis, Mo., are the fortunate pub-
lishers. They offer an opportunity
for solicitors in another column of
this issue.

LARGE WAGON

For Acme Milling Co. Will Is Being Delivered at Salu-
bia For the Big Hotel.

Probably the largest wagon that
has ever been used here is being
built by West & Lee for the Acme
Milling Co., and will be ready for
use in about three weeks.

The bed of the heavy vehicle
looks to be about half the size of a
box-car. It is guaranteed to haul
7,000 pounds without extra strain
and three horses, abreast, will be
used. The wagon is built from the
ground up by West & Lee and will
stand many years of constant use.
It will be handsomely painted and be
a good traveling advertisement for
both the builders and the Acme
Mills.

Large Hall Stove.

An unusually heavy storm of rain
and wind struck the city Tuesday,
about 6:45, with heavy thunder and
lightning accompaniment. During
the storm there was a fall of hail.
The stones were larger than cherry
seeds. The county roads were be-
ginning to get in pretty fair condition
but the rain put the very bad
places in the same condition that
prevailed during the latter part of
winter.

LUMBER

The Forbes Manufacturing Co.,
the successful bidders for the erection
of the Salubria Springs hotel,
are going to push the work as rapidly
as possible. Tuesday a train of

six wagons, loaded with framing
lumber, cut to proper lengths, left
the city for the springs. The company
will put a large force of hands
at work as soon as the material is
delivered and everything will be
kept moving at a rapid rate until the
structure is ready for the painters.

Cottage Sold.

Mr. W. H. Moore has sold his cot-
tage, at Virginia and 20th streets,
to Messrs M. T. and James Carter.
The purchase price was \$4,100.
The sale was negotiated by the
Planters Bank and Trust Co. The
cottage is one of the most convenient
in the city, being furnished with
electric lights, water, bath, etc.
The lot fronts 60 feet on Virginia
and runs back 200 feet. "Mr. Moore
will give possession at once, but does
not expect to leave the city for some
time.

Out of Sight.

"Out of sight, out of mind," is an
old saying which applies with special
force to a sore, burn or wound that's
been treated with Buckle's Arnica
Salve. It is a great healer of sores
and out of existence. Piles too and
chilblains disappear under its healing
influence. Guaranteed by R. C.

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do its best work if the liver is inactive and the bowels sluggish. If you have poor results, you should take the laxative dose of Ayer's Pills while taking the Sarsaparilla.

Palestine, the Land of Holy Memories.

LETTER NO. 6.
MILLARD A. JENKINS

Leaving Alexandria, Egypt, March 25th, 1907.—What student of the Bible has not longed to visit Palestine, the land where lived our Saviour, the land that gave us our Bible, the land to which our Lord will surely come again?

We were interested in all the places we visited, but every interest for us centered in Palestine. It was with a thrill of enthusiasm when at an early hour we awoke to find ourselves in full view of Mt. Carmel, and steaming rapidly towards Haifa, where we were to begin our pilgrimage through the Holy Land.

Haifa is situated at the foot of Carmel on the sea not far from Acra, a city once the home of the crusaders, and the scene of one of Napoleon's defeats. Napoleon, after he had suffered the siege of Acra, said: "Had I captured that city, I would have made myself master of the world." How glad we are he didn't capture it.

Haifa is the great soap factory town of Palestine, and judging from the size of the factories and the looks of the people, they make more soap and use the least of it of any place of its size in the world.

Here we took the cars for Damascus, the scene of Paul's conversion, and the oldest city in the world. We decided before we reached our destination, that we had gotten aboard the slow train through Arkansas, as we did not arrive at Damascus till 2 a.m. It had been raining, and we found the city was prepared to dampen our enthusiasm a bit. But next day the sun came out, and soon all was well.

Mohammed was said to have stopped on the hill, and to have remarked, as he turned away, refusing to enter its gates, "If I enter this paradise, I will be loath to enter the paradise above." I think it must have been raining, and Mohammed was running from mud.

There is much to interest one in Damascus, but the one thing that makes it interesting to the Bible student is the fact that the world's greatest preacher was converted here.

Leaving Damascus we took the train for Galilee. From the little station and the extreme end of the sea, we took boats for Tiberias where we were to spend the night. We had a delightful sail on the historic waters, whose shores are dotted with the ruins of places which were so vitally connected with the life and ministry of our Lord. The country of Gadara, Magdala, where lived Mary Magdalene, Bethsaida, Capernaum, all have their story. Capernaum was the Saviour's home. Here most of his Galilean ministry centers. From Tiberias we drove to Nazareth, passing the Mt. of Beatitudes, the place of the feeding of the five thousand, the battlefield where Saladin finally defeated the crusaders; Cana of Galilee, the birthplace of Jesus, and finally Nazareth. After visiting the different churches, which are supposed to mark the place where Joseph and Mary lived, the workshop of Joseph, the synagogue, and the precipice where they undertook to throw our Lord down with the intent to kill him the day he declared himself to be the Son of God, I climbed to the top of the mountain back of the city, where Jesus as a boy must have often climbed, and there had a glorious view of the surrounding country. Yonder is little Hermon with Naam nestled in its side, there Tabor, where the natives believe took place the transfiguration, towering high above all yonder to the north is Hermon, snow-capped, while to the west lies Haifa and Mt. Carmel, and to the south the plain of Esdralon, the battle ground of Palestine from Joshua to Napoleon. Beyond this place are the mountains of Gilboa, and the city of Jezreel. I sat and mused on the scenes of the past as the soft sunset glow threw its halo over Mt. Carmel, and filled all the valley, and touched the mountain tops with its mellow penumbra as far east as Mt. Tabor. Lying below was the little city of Nazareth. It was the hour for evening prayer. From the minarets of the mosques the cry of the priests rang out: "God is great; there is no God but Allah; Mohammed is his prophet; come to prayers; come to salvation." Yes, in the Saviour's earthly home, where he preached and was rejected, the false prophet was worshipped and His dear name is still despised.

But one day his glory shall appear, the glory as of the rising and not the setting sun.

From Nazareth we begin our horseback journey across Samaria, the ride across the plain of Esdralon to Nain, then Shunim, then Jezreel, where we have lunch. Can it be possible that over the very ground over which we have ridden to-day, Joshua, and Saul, and Barak, and Gideon, and Jehu, and Ahab, and Saladin, and Napoleon, and a score of others have marshaled their armies, and fought battles that have shaped to a vast extent the history of the world? I cannot describe my feelings when I came to the little stream where Gideon's men were tested. God wants men of faith. He has the resources.

From Jezreel we made our way to Jenin, the En-Gomim of the Bible, and supposed to be the place where the lepers were healed. Here we spent a pleasant night in a hotel run by a German.

By six o'clock next morning we are mounted and off for Nablus, the ancient Shechem. On the way we pass the land of Dothan, where is still pointed out the pit into which Joseph was thrown by his brethren; then came Samaria, once one of the greatest cities of the East, now a town of a few mud huts; and after another half-day's hard riding, over mountain trails, and, but for our sure footed horses, a dangerous journey, we reach Shechem. Mt. Ebal and Mt. Gerizim tower high above the city. After visiting the Samaritan synagogue and meeting the high priest, a few of us decided to climb to the top of Mt. Gerizim, where for two or three thousand years the Samaritans have worshipped. Here every year they kill and eat the pasover, as in the days of our Lord. They still worship in this mountain. There are now only about 150 of them left, but they still maintain their identity as a people. The high priest, David, son of Aaron, paid us a visit at our hotel in the evening. All were impressed with him as a man of considerable ability, and certainly of great sincerity.

Here on these two mountaintops the blessing and the cursing were read, while the children of Israel assembled in the valley between them responded with the solemn amen. Near here is the tomb of Joseph, the village Sycher, and Jacob's well. There can be no doubt as to the identity of this well. Here our Saviour sat and taught the way of life to the sinfull woman of Sycher. As we journeyed on towards Jerusalem, we passed many places of Scriptural importance: Ramah, Beeroth, Bethel and Mizpeh. Almost every hill and valley is mentioned in the books of Joshua and Judges.

The trip to Jericho, the Dead Sea and the Jordan was one of the most enjoyable we had. There were but eight of us. We had for our captain Mr. Moses Forayallah. Quite an honor to have Moses as our guide. Abraham had the day before conducted a party to Jericho. He it was who later showed some of the interesting sights of Jerusalem. For a long time I have read of these famous men. I had never before seen them in the flesh.

At the scene of the Good Samaritan we held a service in the open air. On the mountain side we took our seats, and as they did in the Master's time, I sat on the ground in front of the group and preached the word. That evening, after we had paid a visit to the Dead Sea and the river Jordan, and the fountain whose bitter waters were sweetened by Elisha, we assembled at our hotel, the Gilgal, and there had another simple, but spiritually helpful service.

On our way back next day, Bethany was visited, the little town where Jesus loved so much to go.

In Jerusalem we spent several days. I could not begin to tell of the places of interest there in one letter. I shall have to wait until I have returned to tell of its sacred places. The site of the temple, the pool of Bethesda, and of Siloam, the Mt. of Olives, the valley of Jehoshaphat or the Kidron valley, as it is called in the New Testament. Mt. Calvary, and the garden tomb. All these places we visited, as well as many others we cannot mention for want of time and space.

Suffered Four Months From the After-Effects of the Grip--Relieved By Pe-ru-na.

The grip more than any other disease in the world leaves the system in a run-down, nervous, bloodless condition.

Peruna has become famous in relieving the deplorable condition which the grip produces

HON. W. H. PARSONS,
925 H. St., N.W.,
WASHINGTON, D.C.

W. H. Parsons is Ex-State Senator and Ex-Special Judge of the Supreme Court of Texas, and was also Brigadier-General in Confederate Army. In a letter from 925 H street, N. W., Washington, D. C., this prominent gentle-

man writes: "Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna in the treatment of the numerous symptoms of the grip with which I have been afflicted for four months past, I have been induced to undergo a treatment with this judicious cold-cream formula. I feel a decided change for the better after using it only one week."

"It is especially good in toning up the stomach and has a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete recovery."

"My various friends in Texas, where I have had the honor to command a brigade of her Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the merits of Peruna as a sense of obligation on my part for its wonderful efficacy."—W. H. Parsons.

It is no longer merely a theory or an assertion that Peruna is applicable to such cases.

Peruna a Preventive.

As a preventive of grip, Peruna has done a great deal of good in the world by its beneficial effect upon the mucous membranes.

Peruna has another untoward tendency to be noticed in connection with the grip.

Victims of catarrh who have had the grip find themselves after the acute stages have passed, in a very weakened and deplorable condition.

After Effects of Grip.

The whole nervous system is injured, the heart enlarged and deranged; the circulation of the blood becomes irregular. All these symptoms are produced, more or less, by the grip, and especially in people who have had catarrh previous to the grip.

If a person has not used Peruna to prevent the grip, the next best thing is to use Peruna to remove the after-effects of the grip.

A Safe, Reliable Remedy.

Even during the acute stages of the grip, Peruna taken in small, oft-repeated doses, is so efficient that many people use nothing else.

It has been noticed that those who take Peruna during the first stages of the grip generally make a more rapid and complete recovery.

Most Effective Medicine For Grippe.

ROBERT L. MADISON, A. M., Principal of Culowhee High School, Painter, O., is a member of the State Board of Education. He is a writer of occasional verse and has contributed to a number of leading papers and magazines.

In speaking of Peruna, Mr. Madison says: "I am hardly ever without Peruna in my home. It is the most effective medicine that I have ever tried for grippe. It also cured my wife of nasal catarrh."

POKER'S VICTIM

Still Lives and Will Recover From Blow.

FRANK RIVES, the negro boy hit with a poker by Leni Moore a few nights ago, was reported to be dead yesterday, but the report proved to be untrue. Rives is getting better and is out of danger. Moore is in the workhouse on another charge. He was given a parole the night he had the trouble with Rives.

Rives was in a precarious condition Sunday and appeared to grow worse throughout the day. Tuesday his physician had but little hope of his recovery. After hearing of the critical condition of his victim Sunday, Moore left the city and made his way to Clarksville, Chief of Police Roper had information to Moore's being in Clarksville and sent Officer Miller over after him Tuesday. Officer Miller made a double arrest while over there, bringing back with him a negro, George Walker, who was one of a squad of negroes who had been guilty of crap shooting but managed to evade the police. Moore was placed in jail as soon as Officer Miller arrived here. He and the other prisoners were brought here handcuffed together. Moore will be kept in close custody until the final outcome of his attack on Rives is known beyond doubt.

Hard Times In Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of to-day; although a citizen of Codell, Earl Shamborg has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by constant rain and dry weather and could find no relief except in Dr. King's New Discovery. It took less than one bottle to completely cure me." BREWERY 332 YEARS OLD

Long-established business is to be given up, however, because bride wills it.

Boroughloch brewery, in Buccleuch street, Edinburgh is about to be closed, and for a reason which is somewhat interesting.

The proprietor—Mr. Andrew Melvin—is, it is reported, about to get married to a wealthy American lady, who is a member of the Salvation Army, and it is at her request that the business is being given up.

It will probably be hailed as one of the greatest triumphs of the army in Scotland that they have been able to effect the stoppage of a drink manufactory. The brewery is a small one. It is, however, the oldest of all the Edinburgh breweries, having been started in 1575—322 years ago. The last brew was made on Friday last.

Meantime the place is being kept open for the sale of the beer in stock, of which there is a large quantity.

The premises of Boroughloch are being offered to let, a condition of lease being that they are not to be used as a brewery. The incident is the subject of a good deal of comment in the south side of Edinburgh.

GOOD EXCUSE.

Storekeeper—By heck, Hiram, you don't smoke up against the red-hot stove when you were asleep did now you have burned all the soles off.

Hiram—akes alive, Jason! Couldn't you smell the burning leather?

Storekeeper—No; you see a city drummer was here in smoking one of those furin cigarettes.

MISSIONARIES' MISTAKES.

Sir Ernest Satow, minister at Peking, speaking on the subject of Christian missions and their political effects, said that missionary work in China had received additional interest lately because of the apparent awakening of Chinese desire for education on the European plan.

He was not aware, however, that there was any great craving for the spiritual side of European civilization. The Chinese saw that Europeans had overcome them by reason of their superior knowledge of physical science. They would like to build ironclads and supply themselves with railways, electric lights, and things of that sort which might help their material advancement, and that was all.

A COLD DAY.

We have a few subscribers who put us in mind of Tom Jones whom the Swede collector said had promised to pay his account in January. As the story was told, the Swede returned from an unsuccessful trip and told the boss that "Yim Yohnson say he will pay when him sell his hogs. Yim Smif he will pay when he sell him wheat, and Tom Jones say he will pay in Yanvary."

"Well," said the boss, "that is the first time Tom ever set a time to pay. Did he really say he would pay in Yanvary?"

"Well ay tank so," said the Swede. "He say it been a colt day when you got dat money. I tank dat been in Yanvary."—Hope Dispatch.

BEFORE AND AFTER.

Maps Illustrating the Change Brought About by the London County Council Election.

**AS IT WAS.**

In this map of London the dead black indicates the part of London having "Progressive" or municipal ownership representation in the county council before the recent election, the white that part having "Progressive" representation, which has governed the world's metropolis for eighteen years and almost bankrupted it with municipally operated street cars and other enterprises, and the shaded portion indicates divided representation.

**AS IT IS.**

In this map, also, black indicates "moderate," white "Progressive" and shading divided representation in the county council. The change in representation is remarkable. They show much more graphically than words or figures could how complete has been the change in London's sentiment. The maps are copied from the London Daily Graphic.

IT WOULD END THE UNION.

Would Strike By Reasonable Under Public Ownership?

About two-thirds of people clamoring for government ownership of railroad lines, telegraph and express companies are either members of labor organizations or closely identified or in sympathy with their cause. Do you know what reasonable government ownership means the end of labor organizations? The government recognizes no interference or disturbance of its plans and arrangements. It has its multiples of red tape, and the man in its employ must work to the best of his ability, or else to say.

When a man doesn't like a government job, you never hear of any riotous demonstrations when he gets separated from it. He simply takes his medicine and the few faces he makes over it have little effect.

When the government manages and controls the railroads, it tells its employees what to do and when to do it, and it tells them what it pays, and there are no presents. No medals go to government employees.

You never heard of a strike in the army, navy, or police department yet, because it is the poorest paymaster in the world. It pays less wages and less frequently than any other great corporation. It pays when it pleases and what it pleases, and your conduct and sayings are subject to investigation upon slight provocation.

If there is any class of men who should fight desperately and to the last ditch in opposition to government or municipal ownership, it is the great labor organizations of the country.—Editorial in Burlington (Ia.) Gazette.

A Unique Recommendation.
The question of purchasing the waterworks having arisen in Salem, O., a conference meeting of committees appointed by the Business Men's association and the Manufacturers' association, and the Board of Trade, and the Board of Health, was held, at which the president of the board of public service was also present. After voting against municipal ownership, with but a single dissenting vote, the following remarkable resolution was unanimously passed:

"Whereas, it is apparent to this meeting that the water company has not during the term of its franchises just passed been able to pay to its stockholders a reasonable return on their investment, and whereas, it is the sense of this meeting that they are entitled to same; therefore therefore be it—

Resolved, That we hereby recommend to the city grant such reasonable increase in rates in the "New France" as will give to the company a profit of 5 per cent on its present capital stock.

Three Setbacks in Michigan.
Municipal ownership got a setback in three villages in Michigan in Monday's elections. Belvoir voted against electric light and waterworks plant. Davison voted down a proposition to bond for an electric light plant, and Potterville voted against a municipal bakery.—Michigan Investor.

Peru's Impaired Electric Plant.
The city council of Peru, Ind., is considering making a contract for current with a private company in order to avoid spending \$15,000 for the city lighting plant, which its impaired condition makes necessary if it is to be kept in service.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and as attained to worldwide acceptance as the most effective family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best, it has adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

Read Carefully Our Plan!

THE KENTUCKIAN will send to the Jamestown Exposition the four most popular young women in Christian County. The Kentuckian will pay every cent of expense, including railroad fare; Pullman fare; meals on train; hotel bills, street car fare; admission to grounds and amusement concessions; state trips to points in the vicinity of the Exposition grounds.

The contest is open to any young lady making her home in Christian county. For each year's subscription to the Kentuckian at \$2.00 the subscriber will be entitled to cast 40 votes.

Our contest began Nov. 15th and will continue for 6 months; to May 15.

YOU choose the candidate—WE don't. The minute a vote is cast for a young woman she becomes a candidate and her name is placed upon the published list, together with the total vote cast for her up to the time the list is published.

When a subscription is received at this office the subscriber is first credited with the amount of his subscription and the number of votes his subscription represents is credited to the candidate named by him.

The vote will be COUNTED EVERY FRIDAY at noon and each candidate will be credited with her new vote and her total vote to date and the result will be published in the next issue of the Kentuckian.

KRESO

Combination of Coal-Tar Derivatives.
(NON-CARBOLIC.)

A STANDARDIZED DISINFECTANT, ANTISEPTIC CLEANSER, DEODORIZER AND PURIFIER

Kreso possesses advantages which make it better and safer than any other material for household disinfecting, and it is preferable to carbolic acid, because it does not burn, nor chloride of lime.

First. It is safe. In the dilution recommended it is practically non-poisonous, and can therefore be used freely, and is safe to have around. It is not caustic or irritating. It does not attack metals, and therefore does not destroy platings; it does not permanently stain washable fabrics.

Second. It is effective. Our laboratory tests require that in a 1% solution it must destroy the most resistant disease-germ (the green pea germ) in one minute. It thus disinfects, cleanses and purifies. It destroys foul odors, not by substituting another, but by destroying the cause of the恶臭.

Third. It is standardized; always the same. You can depend upon it.

Kreso is particularly valuable in preventing outbreaks of contagious diseases, by destroying infection, cleansing, purifying and promoting assimilation. It is the ideal disinfectant for HOSPITALS, SANATORIUMS, PUBLIC BUILDINGS, SCHOOL ROOMS, BATH-ROOMS, WATER-CLOSETS, SINKS, KITCHEN SINKS, STORE ROOMS, OUT-HOUSES, GARBAGE BOXES, CESSPOOLS, STABLES, DOG-KENNELS, CAGES, ETC.

For all general disinfecting purposes mix Kreso with water (water preferred) in the following proportions:

1 tablespoonful Kreso,
1 pint water.
making approximately a 1-to-100 solution.

SAFE AND EASY TO USE.

AGED 83.

Mrs. Adeline Wolf Passed Away Tuesday Night.

The grim reaper, death, claimed another of our oldest citizens Tuesday night. Mrs. Adeline A. Wolf, widow of the late Isaac Wolf, died at her home, on East 19th street of the infirmities of old age. She is survived by six children, four boys and two girls. The deceased was in her 83rd year. For a year or more her health had been rapidly declining and the end was not unexpected. She was a member of the Methodist Church for half a century or more.

Funeral arrangements had not been announced yesterday further than that Dr. John W. Lewis, in the absence of Dr. Lyon, would preach the funeral sermon and that the burial would take place sometime today.

IN CITY COURT.

Several Fines Imposed and Other Cases Continued.

Ara Fox and her daughter, Jessie Fox, col., charged with cutting Henry Broadus, col., in a fight in a tobacco factory, were tried by a jury Tuesday and acquitted. Ara Fox admitted cutting Broadus on the head with a razor, but pleaded self-defense.

Broadus and another negro named Larkin Sutin, pleaded guilty to breach of the peace and were fined \$12.50 each, yesterday. The care of Jesse Brane was continued until Tuesday, with an array of couch on both sides.

There were eight arrests Monday and five Tuesday, for minor offenses.

You may get your portiers, couch cover and rings all to harmonize and to match at Keach's rug sale, Thursday, April 18th.

FISCAL COURT DONATES \$250

Of Christian County's Quota For the Jamestown Exposition.

APPROPRIATE BALANCE

Action Taken After Strong Appeal Made by Rev.

Geo. C. Abbott.

Christian county has raised all and more than enough to pay the assessment made for the Jamestown Exposition. Of the \$40,000 needed, this county was asked to contribute \$541.

Some time ago the people by private subscription raised \$236.50. Later the ladies raised a small sum by a musical entertainment. Rev. Geo. C. Abbott appeared before the county court, in behalf of the county committee, and asked for \$250 to complete the sum. After some discussion, the court responded to the call, thus bringing the amount up to something more than the state committee asked for.

BOLT FROM SKY.

Hits Handsome Home of Miss Annie Trice.

During the electric storm Monday afternoon, lightning struck the stones on the top of a chimney of Miss Annie Trice's handsome new stone residence on the corner of Main and Twentieth streets.

Several blocks of stone were knocked off and the lightning entered the house and struck the steel ceiling of an unoccupied room, tearing a hole in it and knocking from a wooden moulding just under the plate hole. The noise made was like a pistol shot. Miss Trice was lying on the bed in a rear room and escaped injury.

His Dear Old Mother.

"My dear old mother, who is now 82 years old, thrives on Electric Bitter," writes W. B. Brunton, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric bitters affect the aged, and the same has been reflected in all cases of female weakness and general debility. Weak, puny children too are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by R. C. Hardwick, druggist.

THIS BANK FREE

Now is the time for you to open a COMMERCIAL & SAVINGS BANK, which can be done either by mail or in person. We emphasize NOW because interest is paid on JULY 1st and JAN. 1st of each year, and all deposits made on or before the 7th of the month bears interest from the FIRST of that month, so any deposits made from now to and including the 7th of April will on July 1st draw three months interest, and if you should have no use for either interest or principal and allow it to remain, on January 1st it would receive interest on the entire amount. In other words, interest is compounded on JULY 1st and JAN. 1st of EACH YEAR AS LONG AS THE MONEY REMAINS IN BANK.

Deposit boxes

Why take chances on having valuable papers, keepsakes, jewelry, etc., misplaced, lost, stolen or burned up, when a safety deposit box can be rented at Commercial & Savings Bank for a mere trifle? At your earliest convenience call and have the matter fully explained.
